Starfire Voting Booth with Hard Plastic Screen

Product number: SFHS

Product number with light: SFHS

The Starfire is our newest and most advanced voting booth. Its cutting-edge design combines rugged durability with an attractive appearance that is self-contained and lightweight. It's extremely easy to assemble and disassemble and is maintenance free. The hard plastic screen adds an extra layer of durability and makes cleaning faster and easier than ever. Specifically designed to accommodate a 21-inch optical scan ballot, it provides the largest writing surface available in any voting booth. Stackable design requires minimal storage space. Optional light.
